

## Get Involved

Thank you for taking the time to review the information presented here tonight. Your comments are important and are greatly appreciated. VDOT will carefully consider all comments received at this meeting and during the comment period.

Written comments must be postmarked or sent electronically no later than **November 8, 2019**. You may provide your comments by any of the following methods:

### At This Meeting

Please leave your written comments in the designated box.

### By Email

[Fred.comments@VDOT.Virginia.gov](mailto:Fred.comments@VDOT.Virginia.gov)

Please reference "Harrison Road" in the subject line.

### By Mail

You may submit your written comments to:

Mr. Bryan Bulluck, P.E.

Virginia Department of Transportation

87 Deacon Road

Fredericksburg, VA 22405

Additional information can also be found on

VDOT's website at

<http://www.virginiadot.org/projects/fredericksburg/>

The information received as a result of the meeting will be presented to VDOT's Project Development Engineer for consideration.

If approval of the major design features is received the project will move forward to the final design phase.

## Design Public Hearing

### Route 620 (Harrison Road) Reconstruction

### Spotsylvania County

Tuesday, October 29, 2019, 5-7 p.m.

Harrison Road Elementary

6230 Harrison Road

Fredericksburg, VA 22407

*Incident Weather Date:* Monday, November 4, 2019

## Public Meeting

Welcome to the Virginia Department of Transportation's (VDOT) design public hearing on the reconstruction of Route 620 (Harrison Road) in Spotsylvania County.

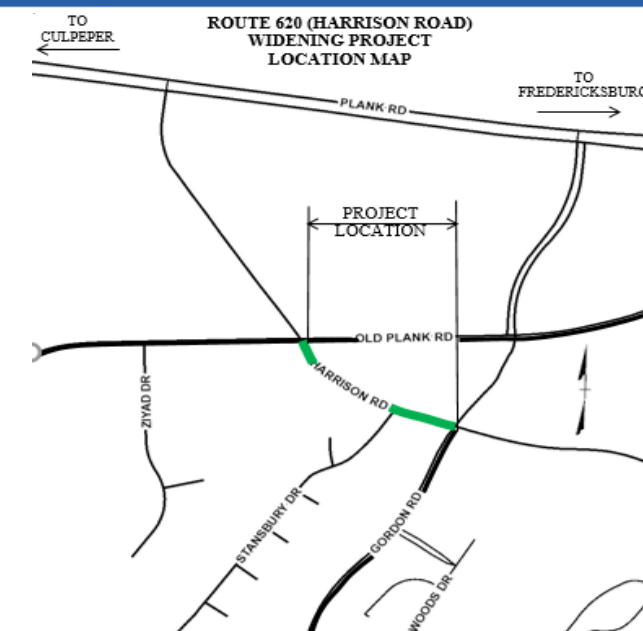

This Design Public Hearing is being held to provide an opportunity for citizens or organizations to provide VDOT comments and/or suggestions on the proposed project. VDOT strives to ensure that all members of the community have the opportunity to participate in public decisions on transportation projects and programs affecting them.

VDOT representatives are present to discuss the project and answer your questions.

A comment sheet is included in this meeting handout and your input is encouraged. All verbal and written comments received on this project will be included in a transcript for review by VDOT personnel, citizens and other interested parties.

VDOT staff will address questions and concerns raised as a result of this meeting before the project is presented to VDOT's Project Development Engineer for approval.

## Project Overview

**Cost** - \$11.2 million

**Purpose** -

Widen Route 620 (Harrison Road)

**Improvements** -

Widen Route 620 (Harrison Road) to four lanes from the intersection of Old Plank Road (Route 610), to the Intersection of

Gordon Road (Route 627)

State Project - 0620-088-R73, P101, R201, C501 UPC 107141

## PROJECT DESCRIPTION

This project will widen Route 620 (Harrison Road) in Spotsylvania County from Route 610 (Old Plank Road) to Route 627 (Gordon Road) from two lanes to four lanes with a center turn lane, add curb and gutter along with sidewalks along each side. Upgrades at each intersection include left and right turn lanes on Old Plank Road, additional through lane on Harrison Road, and pedestrian crossings at each intersection.

Project is federally eligible with program exemption as it is using Revenue Share funding.

This project will be constructed in accordance with VDOT's current road and bridge standards and specifications to comply with federal and state regulations pertaining to public welfare and safety.

The construction will be performed in such a manner that traffic will be maintained with a minimum of inconvenience to the traveling public.

After the project is complete, VDOT will maintain the road.

### Project Graphic

### Estimated Project Cost

Total Project Cost: **\$11.2 million**

Preliminary Engineering: \$1 million

Right of Way: \$2.8 million

Construction: \$7.4 million

### Civil Rights

VDOT ensures nondiscrimination and equal employment in all programs and activities in accordance with Title VI and Title VII of the Civil Rights Act of 1964. If you need more information or special assistance for persons with disabilities or limited English proficiency, contact VDOT's Civil Rights Division at 540-899-4288, TTY/TDD 711.

### Right of Way

The construction of this project will require displacement of 1 residence.

Information about right of way acquisition is discussed in VDOT's brochure entitled "Right of Way and Utilities: A Guide for Property Owners and Tenants." Copies of this booklet are available from a VDOT right of way agent. After this meeting, information regarding right of way may be obtained from the right of way contact listed on the back of

### Anticipated Schedule

The following schedule has been proposed:

**Design Public Hearing** – Oct. 29, 2019

**Comment Period** – Oct. 29, 2019–Nov. 8, 2019

**Acquire Right of Way** – Summer 2021

**Begin Construction** – Fall 2024

### Environmental Review

VDOT's Fredericksburg District Environmental Office has performed environmental reviews and coordination to obtain information about environmental resources in the project vicinities; to provide natural and historic resource agencies an opportunity to review and comment on the projects during their development; and to identify opportunities for avoidance, minimization and mitigation of potential environmental impacts. The State Environmental Review Process (SERP) is applicable to this project and a Preliminary Environmental Inventory (PEI) has been developed in accordance with state guidelines. The PEI document includes information from various technical reviews including those related to natural resources, water quality, threatened and endangered species, etc. In compliance with the National Historic Preservation Act, Section 106 and 36 CFR Part 800, information concerning the potential effects of the proposed project on properties listed in or eligible for listing in the National Register of Historic Places is also provided in the environmental documentation.

The project will continue to be coordinated with the appropriate federal, state, and local agencies as part of the environmental review and approval processes required throughout project development and construction. All required environmental clearances and permits will be obtained prior to commencement of construction. Strict compliance with all environmental conditions and commitments resulting from regulatory approvals, and implementation of VDOT's specifications and standard best management practices will protect the environment during construction.

Representatives from VDOT's Environmental section are available to answer questions.
